Employee Engagement is a much discussed topic in the business community for a good reason.

Your employees are the lifeblood of your business and losing key employees can cause significant disruption and financial loss.

Enterprise Management Incentives (EMI) are an incredibly effective way to motivate, retain and reward your team, giving them a sense of ownership and a financial stake in the future of the business. They are endorsed by the UK Government and there are significant advantages to these schemes.

At our seminar we will look at all areas of EMI and provide worked examples to:

- Show how EMI schemes work
- Demonstrate the financial and non financial advantages
- Explain how the schemes are taxed
- Set out both the rules and the restrictions

We will also look at other tax advantaged share incentives.

We will finish with a Q&A session to give you an opportunity to ask our tax specialists questions specific to your circumstances.
