About this Event:

MHA Moore and Smalley is holding our annual SRA Accounts Rules update for professionals in the legal sector.

On the 25 November 2019, the SRA Accounts Rules are changing, and any work done after this date will need to abide by the new Rules. Although the Rules have been significantly simplified, there are still a number of changes that will mean some firms have to complete more compliance activity than they have done previously.

The SRA have promised to issue guidance notes, but as yet nothing has been published so we will also pick up discussion on best practice routines.

During our update, we will highlight and discuss the specific changes and look at how they will impact what you do. We will also have time for Q&As.

To reserve a place please email us by clicking on the accept button below, or alternatively if you are unable to attend please click decline:
