What the Event Will Cover:

“Attracting investment and achieving an exit”

The next event will focus on preparing a business for investment, the journey through to exit and the role a Finance Director can play to influence a successful outcome. We will be joined by Robert Sheffrin an Investment Director at UCLAN Ventures who will talk about their services and how they go about preparing a business for investment, what FD’s should be doing to get a business ready and what they look for as investors. Robert is a Chartered Accountant who has focussed on SME investments since the mid 1980’s as investor and advisor and was part of a management team that grew Imperial Energy PLC from start up to FTSE 250 in 4 years. Neil Inskip, Investor and head of Business Growth Fund for the North West will then outline how BGF work with businesses and management teams post investment towards a successful exit. Neil is a Chartered Accountant and is involved in all aspects of the investment process from origination through to completion, and supports companies throughout the investment hold period. He has led over a dozen investments at BGF, across a range of sectors, and currently sits on the board of 6 investee companies.
